LEATHER

Over the centuries leather has always kept its popularity in usage like dog collars, leashes etc. The reason why leather is so popular is very simply because of leather's unique properties. It has unique flexibility, durability and most importantly you can feel the touch of leather. All  PET FIRST products are handmade of the finest leathers.

PRODUCTS

Production of  PET FIRST products is a combination of traditional handcraft and modern sewing- and production technology. The most important values for us are the dog's wellbeing, durability of goods and high quality materials.

CLASSIC SERIES

CLASSIC ELEGANCE

All products in the  PET FIRST classic series are produced from high quality leathers and components.

Vegetable tanned upper leather and full aniline/or semi aniline leathers guarantee that our product has a stylish appearance and good durability.
